Tasting Notes
Displaying baked pear, red apple and white floral aromatics, the palate is defined by candied citrus and nectarine flavours.

Viticulture
The 2025 vintage saw a return to normal yield levels with fruit showing exceptional quality and concentration. With careful canopy management and a longer growing season we were able to harvest perfectly ripe grapes showcasing intense flavors and naturally balanced acidity.

Winemaking
Harvesting took place in the cool early mornings to preserve the wine's freshness and purity. A brief period of skin contact before pressing ensured maximum flavour extraction from the grape skins. After cold settling, the juice was cool-fermented in stainless steel tanks to retain its fresh, vibrant character. Select parcels, representing the best of the region's vintage, are then blended to craft a wine that truly showcases the finest qualities Marlborough has to offer.

Cellaring Potential
Recommended to be consumed on release can be cellared for 2-3 years.

Serving Suggestions
Asian cuisines like Chinese sweet and sour dishes or Thai-spiced seafood.
